Ending Violence Against Women Around the World

May 26, 2016

Dear Friend of Take Back the Night,

Women Take Back the Night is an international feminist tradition of marches and rallies that have been organized around the world for nearly 40 years. In 1976, women attending the International Tribunal on Crimes Against Women rallied together in the streets of Belgium. They marched in solidarity, holding candles to protest the ways in which violence permeates the lives of women worldwide.

This year marks Sacramento's 37th annual Take Back the Night. The Rally and March will take place on Second Saturday, October 8th, 2016 at the Sacramento Native American Health Center at 2020 J Street in Sacramento. **Please join us in mobilizing the Sacramento community to take a stand against violence, sexism and inequality by becoming a co-sponsor of our 2016 Rally and March.** Your sponsorship makes Sacramento's annual Take Back the Night event possible. The attached co-sponsorship commitment form includes complete information on co-sponsorship levels and benefits. To reserve a booth and be included in the printed program, **please respond by September 1st, 2016.**

Take Back the Night events have been taking place in Sacramento annually since 1979 – engaging our community in promoting an end to violence, sexism, and inequality against women and other marginalized communities, and creating a safe space for those voices to be heard. The event is organized by our community, for our community – and is made possible through the support and participation of many diverse, socially-conscious community organizations and individuals.

The support and involvement of your organization in this year's Take Back the Night will further our efforts in promoting awareness and action to end violence against women and gender-based violence, sexism, and inequality. Please do not hesitate to contact us at info@sactakebackthenight.org for further information.

In solidarity,
